Introduction round

What do you expect from this class ?

Schedule

Grading

2.2 Scoring

The final grade is made up of the results of the partial performances listed above as follows:

- 10 entry tests, each entry test 5 points
- Laboratory protocols 50 points

The individual results are not taken into account as grades, but as points.

2.3 Grading

The final mark is calculated from the points achieved, using the following grading key:

- 90 – 100 Outstanding (1)
- 80 – 89 Very Satisfactory (2)
- 65 – 79 Satisfactory (3)
- 50 – 64 Fairly Satisfactory (4)
- 0 – 49 Did Not Meet Expectations (5)
- Prerequisites for a positive final grade are
- that at least 40% of the points for all partial performances have been achieved
- that all exercises have been completed
- that all home exercises/laboratory protocols have been handed in

2.6 Attendance requirements

The students must attend at least 80% of the courses.

Exceptions are only possible in justified individual cases (for example illness). In such cases, the exercises must be made up for or replacements must be provided.
